NEWS AND VIEWS...

And What Have You

By BOB CRAIG

The classified pages of American newspapers are said to be the best read of all the pages produced on the giant news presses of the nation. Many news writers have come up with "one-of-kind" feature stories by simply reading the classifieds and following through with the story.

Classified ads have no bounds, and are used by every sector of our society in one way or another.

According to Rus Metz, publisher of the Bath County News-Outlook, Owingsville, Ky., the classifieds have a language all of their own.

In the help wanted columns, he says, if the ad says "must have thorough understanding of the job," it really means you must be willing to make coffee, do the work and sweep up.

Other classified terms include:

"Personality Plus" — You aren't like the last grouch they had.

"Professional" — You don't eat lunch at your desk.

"Flexible" — Can you come early and stay late?

"Potential for Growth" — You will be offered a low starting wage.

"Accurate" — Don't miss the wastebasket.

"Self-Starting" — You don't have to be told to make the coffee in the morning.

"Ability to Communicate" — Always say "yes" to the boss.

"Conscientious" — You will go easy on the stamps and stationery.

"Responsible" — When the boss doesn't show up for work, you'll cover for him.

"Innovative" — Can you straighten out the mess the last person left?

"Qualified" — You have a social security number?

The following was passed along to us the other day:

You Remember the Real America—

If You Can Remember...

When riots were unthinkable.

When you left front doors open.

When socialism was a dirty word.

When ghettos were neighborhoods.

When the Flag was a sacred symbol.

When criminals actually went to jail.

When you weren't afraid to go out at night.

When taxes were only a necessary nuisance.

When a boy was a boy, and dressed like one.

When a girl was a girl, and dressed like one.

Funeral Set Today for Stonewall County Judge

Aspermont—Stonewall County Judge I. W. (Bill) Gholson, 65, died Tuesday at 7 a.m. at Stamford Memorial Hospital from injuries sustained in an automobile accident near Throckmorton, Tuesday, Sept. 20.

Judge Gholson and his wife were hospitalized in Hamilton Hospital in Olney before he was transferred to Stamford.

Funeral service will be held today (Thursday) at 4 p.m. at First Baptist Church with the Rev. Clyde Cook of Shallowater, Baptist minister, officiating. McCoy Funeral Home is in charge of arrangements.

Born Isaac William Gholson Feb. 14, 1912 in Aspermont, he was a lifetime resident of Stonewall County. He was a farmer and rancher and was Stonewall County Judge at the time of his death.

He married Jenora K. Davis Aug. 5, 1960.

He was a member of First Baptist Church and served 30

years as Democratic chairman of Stonewall County.

He was first appointed County Judge Sept. 9, 1972, and served until November of that year and chose not to run for election. He was again appointed Judge Oct. 8, 1975, and was elected to the office in May, 1976.

Survivors include his wife; a daughter, Carolyn Gholson Albright of Guthrie; three sons, William of Aspermont, James W. of Afton and Bobby Roe of Carlsbad, N.M.; three sisters, Mary Anderson and Maybelle Gholson, both of Aspermont, and Mrs. Bob Wylie (Fonzie) of California; several nieces and nephews, and 11 grandchildren.

He was preceded in death by a brother, Arthur.

Don L. Hampton, Sweetwater architect, told the Hamlin Hospital District Board of Directors Tuesday evening that work should start on the remodeling of the hospital by Dec. 1. He said that he should be ready to advertise for bids on the project in three to four weeks.

He said that bid opening should be held near the end of November and that work should get underway by the first of December. He expected the project to take about a year to complete.

Dr. N. R. Kulkarni, in a letter to the board, said that he would be leaving Hamlin to further his education in order to take the American Practice Board examinations. He said he would be gone six to eight weeks.

In the letter he stated, "I must state that the people of Hamlin have been very pleasant to me and the all around working atmosphere is very congenial, not only amongst doctors but also in

the hospital, secretaries, and nursing staff.

"My main reason for taking this decision is lack of patient load. If after six to eight weeks (I will be keeping in touch with you) there is enough practice to support my returning I will definitely consider coming here. I thank you all for the opportunity you offered me. I greatly appreciate it. Thank you."

Billie J. Speck, hospital administrator, told the board

that hospital beds and services will be rationed if Department of Health, Education and Welfare (DHEW) proposed standards are adopted, according to word she had received from the Texas Hospital Association.

She urged the board members to write their elected representatives in protest of the proposed regulations that would reduce

Philosopher Thinks He Has Found the Perfect Place to Fight the Wars of the Future

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One proposes a new battleground for the next war.

Dear editor:
At first, when I read that there are now 970 satellites circling the earth and more on the way, I said they're going to do to space what they've done to cities with

traffic, although I guess if man puts his mind to it and gets a big enough appropriation he can produce parking meters for outer space and maybe even stop lights.

But then I read another article saying Russia has perfected a satellite that can shoot down another satellite, and we're working on the same thing too.

This may be the answer

mankind has been looking for ever since one group of cavemen got in a war with the cavemen on the other side of the mountain, on down through better organized tribal wars, the fall of Jericho, the 100-years War, the Peloponnesian War, the Roman Wars, the Battle of Bull Run, the Boer War, all the European wars so numerous nobody can name them all, right on down

through World War I, World War II, Vietnam, and World War III, whenever it's scheduled.

Clearly, the place to fight the next war is in outer space, and you do it with satellites. We send up say 10,000 satellites, Russia sends up 10,000 (we'll need international referees to see that nobody cheats) and the whole shebang starts shooting at each other. It'll be

like playing marbles for keeps, only you don't get to keep your opponent's marble, you shatter it. The side that winds up with the most satellites still orbiting wins. If the side that loses is dissatisfied and in the spirit of warring man since time immemorial abandons the rules and sends up additional snarling satellites, the other side retaliates, and the war goes on till one side runs out

of money.

Since it seems impossible for man to eliminate war, using outer space for a battleground and unmanned satellites for soldiers appears to be the perfect solution. Nobody gets hurt and no buildings are destroyed. Just be sure to duck if you see a piece of falling satellite headed in your direction. The stuff is supposed to burn up in the atmosphere before it

reaches the earth but you know how modern industry parts that're faulty.

"Cash-value life insurance offers many advantages. Let's talk. No obligation."

TWENTY YEARS AGO

(October 10, 1957)

When it rains it pours—and hails, too, in some sections of the Hamlin area. At least that was the case Monday night when two inches of rain and considerable hail pelted the area.

Hail damage to crops, particularly the maturing cotton that has been looking so promising was spotted, but severe in some regions. The rainfall measured from one to four inches. In Hamlin the precipitation was tabbed by Bill Rountree, government rain ganger at the city pump station, at 2.03 inches.

Worst damage to the cotton crop was east and southeast of Hamlin where as much as one-third of the cotton was destroyed.

Replies to postal card invitations to the third annual homecoming for ex-students of Hamlin High School continue to come in to the HHS Ex-Student Association officers, indicating that many former students who have not attended previous homecomings will be on hand next weekend.

Association President Joe Ford and Secretary Jo Riddle declare that plans are shaping for entertaining more than 400 ex-students Friday and Saturday of next week.

Despite threatening weather on Wednesday, plans were going ahead to entertain more than 300 firemen and their ladies from the West Texas region, meeting in semi-annual convention Thursday at Hamlin.

Members of the Hamlin Fire Department and the Ladies' Auxiliary were completing plans for the gathering, which gets underway this Thursday morning at the city hall with registration of delegates and other attendants.

Classes at DePriest Colored School were dismissed last Friday for four weeks to permit students to help with the cotton harvest, it was announced by Principal E. S. Morgan.

Class work will resume on Monday, Nov. 6, Morgan said. School work was started the first part of August this year to permit the recess period.

Mac Fullerton's Junior High School Band has been an appreciated asset at the Junior High football games this year. Band members are in the sixth and seventh grades and number about 55.

With five decisive victories behind them, the Pied Pipers start walking the tight rope

to district honors this week by invading the Wolves' den at Colorado City Friday night. This 8 o'clock game will be the first District 5-AA action for both teams.

Football tickets for the game Friday night are on sale at all three drug stores downtown. All adult seats are reserved and student tickets may be purchased at the gate.

Head Coach Joe Youngblood told the Booster Club Monday night that Colorado City has a real fine ball club and that although they have lost their last two games, it was to top ranked Brady and Bellinger.

Friday is the final day that clothing, bedding, cooking utensils and other household items may be taken to the office of the Hamlin BCD for distribution by the Salvation Army to persons who were hit by flooding and extreme weather conditions following Hurricane Beulah.

The Hamlin Jaycee-ettes have been gathering clothing to help with the project.

Mr. Douglas LeCroy, 34, a native of Brundidge, Ala., has been named minister of the Hamlin Church of Christ. He and his wife and three children moved here from Goldthwaite. Before going to the church at Goldthwaite, the couple had served for more than three years as missionaries in the Philippines.

Mr. LeCroy was graduated magna cum laude from Abilene Christian College in 1960. He is now doing post graduate work there on a one-day-a-week program.

Voter registration blanks have been placed in the office of the Hamlin Board of Community Development for the convenience of all Hamlin voters.

Mrs. Ned Moore, secretary, will be issuing application blanks for registration.

NEWS FROM

OLD GLORYBy BERNICE D. WHITE
989-2992

It's beginning to look and feel like fall of the year. Leaves are falling off the trees, but it's hard to tell if this is from the approaching season or from dry weather. Rains have been teasing our community, but it is very dry. However, this is good weather to harvest the cotton crop and farmers are busy.

Candidates for honors at the Old Glory Coronation Ceremonies to be held in the school cafeteria Oct. 28 are busy trying to secure votes, each penny counts one vote. Cans have been put out at Bryant's Grocery and Johnson's Station. In the Queen Contest, supporters of the senior class selection Billie Jo Baitz and her escort, Jacky Jones, ask for support of their candidates. Also, Mrs. Bill Baitz and Mrs. Jack Jones have announced they will take orders to bake homemade bread, cakes and pies to support these two contestants. Anyone interested in placing an order for some of these goodies are asked to call Mrs. Baitz at 989-2937 or Mrs. Jones at 989-2969.

Other candidates in the Queen and King contest are Marcene Baldree and David McKee, and Sherry Rhoads and Johnny Barrera. Proceeds from these activities go to the Old Glory Annual Fund.

Stonewall County

Cancer Society

Sets Fund Drive

Aspermont—At the Oct. 5 meeting to re-charter the Stonewall County Chapter of the American Cancer Society, it was pointed out that Stonewall County is a high cancer risk county and that at least nine persons are expected to die of cancer this year.

It was also noted that the Stonewall Chapter did not have a cancer drive earlier this year so a special events drive was planned to be held during homecoming.

A special representative of the chapter will be at the schools during the activities and everyone is being urged to be prepared to give a generous gift to support this drive.

Those who are not contacted in this manner are asked to give a donation to the treasurer, Dorothy Myers, at the bank or mail a check to her.

Plans will be made for public education about cancer through the schools, service clubs, hospitals and other public information media.

Mrs. Newton Caldwell, service representative of the chapter, stated that many free services are available for cancer patients who have been released from the hospital.

These services, provided after written request of the physician, include equipment, expendable items, dressings and comfort items.

Pipers Suffer 15-12 Loss to Knox City

The Hamlin Pipers suffered their second district loss of the season Friday night as they fell victims to the undefeated Knox City Greyhounds, 15-12. The Pipers suffered a rash of penalties and fumbles in dropping their second district contest.

The Pipers got behind in the opening minutes of the game as Knox City's Phillip Rhodes broke loose for a 47-yarder to take a 7-0 lead. The Pipers came back to pull within one point following the kickoff but could not pull out in front as their final touchdown came in the last seconds of the contest.

Rhodes, aided by his long touchdown run, was the night's leading rusher with 104 yards in 19 carries. Mike Hymer was high for the Pipers with 96 yards in 18 carries.

The Pipers took the opening kickoff on their own 25 but gained only two yards in three plays and punted to the Knox City 42.

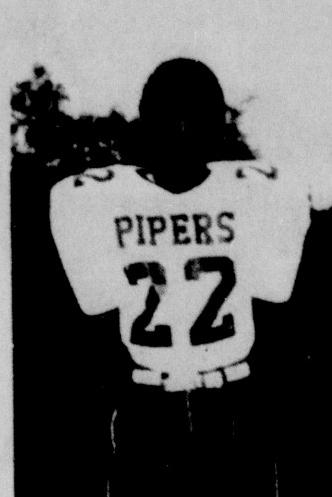

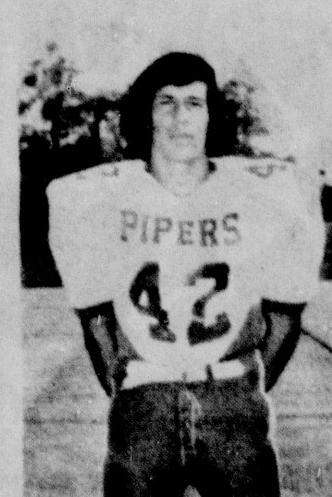

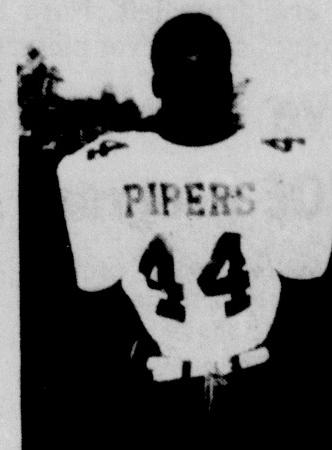

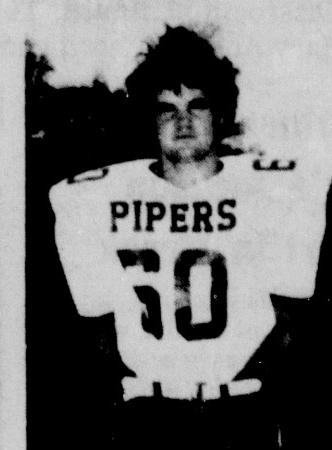

After picking up a first down on the Hamlin 47, Phillip Rhodes broke loose from several Pipers and raced 47 yards to score. David Anderson kicked the point after and the Greyhounds led 7-0 with :47 left in the first period.

The Pipers came back after covering an on-side kick at mid-field to drive 50 yards in eight plays to score. Ronald Brown took the option pitch from quarterback Todd Marshall to score from five yards out. The kick was blocked and the Pipers trailed by one point with 6 minutes left in the first period.

The Hamlin Pipers will still be looking for their first District 7-A victory Friday night when they travel to Paducah to take on the Dragons who won their first district contest Friday night with a 25-0 victory over the Aspermont Hornets.

The Pipers are now 0-2 in district and 1-4 for the season following their Friday night's 15-12 loss to the Knox City Greyhounds. Other district action Friday saw Munday

City will go to Crowell and Munday will play at Rotan.

Munday, Haskell and Knox City are all three undefeated in district play after two games each.

The Pipers lost the services of Ronald Brown, running back and defensive safety, in the game at Knox City Friday night.

Coach Bill Grissom said Monday that Brown had a broken knee cap and is expected to be in a cast for four to six weeks. Vance Lakey, who has missed the last two ball games with a bad ankle is expected to return to workouts this week.

To the people of Jones County CHARLES STENHOLM wants to be your Representative in Washington.

As you can see, the 17th Congressional District is big. In fact this District is as big as the states of Maryland, Delaware, New Jersey, Connecticut or New Hampshire . . . 33 Counties in all. It is going to take a lot of work to become your Representative in Washington. I am willing to work as many hours as it takes to win. However, I can't do it alone. I need your help. We need all the help we can get . . . especially from my neighbors in Jones County.

Here's how you can help:

- (1) Send contribution to Stenholm for Congress Committee, Box 192 Stamford
- (2) Contact friends or relatives you have anywhere in the 17th District
- (3) Send a list of names and addresses of friends to the Headquarters in Stamford.

You can take a tax credit for one-half of your contribution (up to a maximum credit of \$50 on a joint return or \$25 if you file separately). Or you may take a tax deduction just as you deduct charitable gifts. The limit is \$200 on a joint return or \$100 on a single return.

A copy of our report is filed with the Federal Election Commission and is available for purchase from the Federal Election Commission, Washington, D.C. 20402.
